Experience

2018 Aperta - GNU/Linux Consultant

Aperta is the best OpenSource friendly company in Denmark, running only senior Red Hat Consultant's

2018 SAS Institute - Senior Technical Consultant

As Senior Technical Consultant, I was part of the Technical Architect and Services team (TAS). I had the pleasure of forming the way they implemented new Viya platform using Ansible. I worked close with there System architects and we found a new way to deliver Viya to our costumers.

2017 Itadel A/S (TDC Hosting) - GNU/Linux consultant

As an GNU/Linux consultant at Itadel A/S I did Linux server operations for many customers in one of Denmarks largest server hosting companies..

09/1999 CGI Group inc. (formerly Logica and WM-data) - GNU/Linux consultant

As an GNU/Linux consultant at CGI Group inc. I did server - operations for the Central Government Agencies e.g The Danish Ministry of Taxation, The Agency for Digitisation and The Agency for Governmental IT Services. I also operated cooperate for CGI.
